KOC Signs Training Contract with the Faculty of Paramedics

KOC Signs Cloud Services Contract

As part of a framework agreement between the Kuwaiti government and Google Cloud

KOC signed a cloud services contract with Impulse International, an authorized distributor of Google Cloud, as part of a framework agreement between the Kuwaiti government and the international company.

This step is part of KOC's ongoing efforts to enhance its digital infrastructure and improve operational efficiency by adopting advanced cloud computing solutions, a strategic tool for supporting Digital Transformation.

The contract signing ceremony was held at the Company's Main Building in Ahmadi,

in the presence of CEO Ahmad Jaber Al-Eidan, DCEO Commercial & Corporate Services Musaed Al-Rasheed, as well as several concerned Group Managers and Team Leaders, and representatives from Impulse International and Google Cloud in Kuwait.

During the signing ceremony, Al-Eidan delivered a speech in which he thanked those present for their cooperation and efforts in completing this important contract. The event concluded with a ceremony honoring those who contributed to the efforts that led to the signing of the contract.

KOC Holds “Seen Jeem” Championship

64 teams participated in competitions that combined skill and intellectual proficiency

KOC organized the “Seen Jeem” Championship, in which 64 teams participated, including two women’s teams. The competition combined elements of skill and intellectual proficiency.

The first day of the event was attended by Manager Public Relations & Information Group Mohammed Al-Basry. 32 teams competed on the opening day, with one team qualifying to face the winner of the second day, which featured another 32 teams.

The competition took place in an engaging atmosphere, with team members demonstrating impressive levels of skill and knowledge. The “Al-Nasr”

team qualified for the final to face the “USC” team. Victory and the championship title went to “Al-Nasr,” led by Mishal Dahim Al-Otaibi and including team members Saud Shalal Al-Suwait, Mubarak Ghanim Namshan, and Mohammed Mansour Hamoud.

The USC team, led by Salman Hussain, finished second. The team included Ali Abul, Ali Al-Hazaa, and Mohammed Abdulwahab.

The championship was held at the Ahmad Al-Jaber Oil & Gas Exhibition and was sponsored by the National Bank of Kuwait. Ag. TL Information Mohammed Al-Sheikh Musaed presented the prizes to the winners.

Celebrating the Drilling of Two Wells in Mauddud for the First Time Since 2006

An achievement made possible through close cooperation among S&EK Teams and SLB

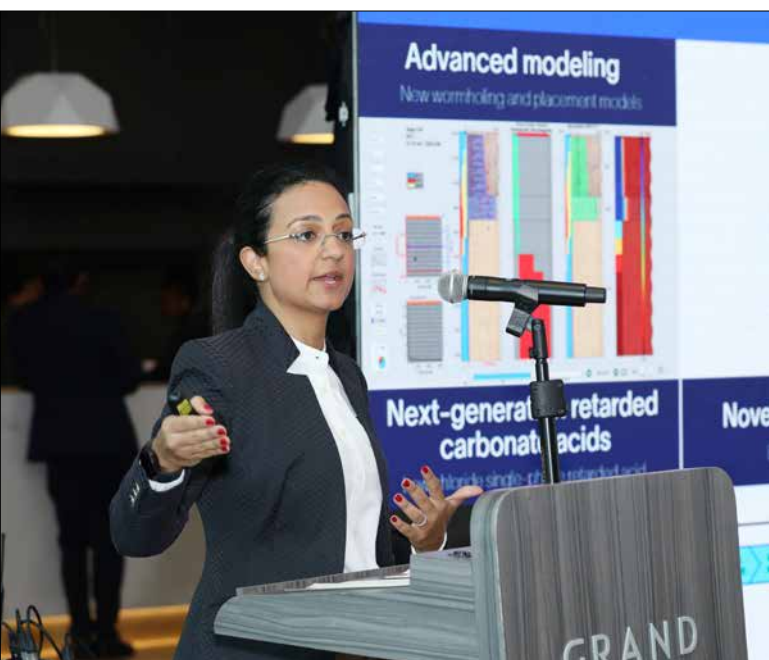

In a joint achievement between the Field Development Group (S&EK), Drilling Teams I and IV, the Well Surveillance Team, and SLB International, two wells were drilled in the Mauddud Formation for the first time since 2006. This milestone contributed to the successful implementation of Intelligent Stimulation in the Mauddud Reservoir.

On this occasion, all contributing parties celebrated this achievement with a ceremony held at the Grand Hyatt Hotel. This accomplishment followed a successful development journey that overcame numerous

technical challenges and was made possible through integrated cooperation between the technical teams, consequently redefining the reservoir's potential and delivering positive results.

During the ceremony, Manager FD S&EK Group Abdulla Al-Rabah honored the participating Teams. The event was attended by TL Burgan Studies Adnan Al-Shamali, and TL FD (EK-I) Abdullah Al-Watyan, along with members of the participating Teams.

The event highlighted pride in this achievement and the effective partnership model that contributed to its realization.

KOC Signs Training Contract with the Faculty of Paramedics

Including 26 students who will be employed at Ahmadi Hospital upon graduation

The Career Development Team (I) organized the Training Contract Signing event between KOC and the Faculty of Paramedics at the Public Authority for Applied Education & Training. As part of this agreement, 26 students will be employed at Ahmadi Hospital upon their graduation.

The event was attended by TL Career Development (I) Khaled Al-Aslawi and Chief Medical Support Services Officer Dr. Faisal Al-Kandari, along with other Team Leaders and senior training officers in the Company, as well as the paramedic students and their parents.

At the opening of the event, the Team Leaders warmly welcomed the students, congratulating them on passing their exams. They stressed the major humanitarian role that paramedics play in society that cannot be overlooked. They also highlighted that hard work and dedication from the students is necessary for the success of their budding careers, and reaffirmed KOC's commitment to supporting the students throughout their professional journeys.

This was followed by a series of presentations delivered by the Career Development Team (I), Admin. & Support Team, and Medical Support Services Department. The presentations covered the conditions of the contract, future roles and responsibilities, and different administrative procedures related to the students' jobs.

Feedback was encouraged in the event, before it concluded with the signing of the contracts.

Workshop on Centralized Warehouse Monitoring System & Critical Items Implementation Plan

Providing necessary explanations on how centralized systems contribute to improving workflow

The Demand Planning & Strategic Sourcing Team facilitated a workshop on the Centralized Warehouse Monitoring System and Critical/Insurance Items Implementation Plan.

The event was held at the Ahmed Al-Jaber Oil & Gas Exhibition, and attended by TL Yousef Al-Dewaila and several Purchasing & Materials Management Group employees.

Al-Dewaila opened the workshop with a welcoming speech and spoke briefly about the related projects. The workshop was presented by Senior Engineers Jenan Ali and Jalal Suleiman.

Key discussion points included operational efficiency, inventory tracking, and centralized control dashboards, demonstrating how centralized systems improve workflow, minimize manual errors, and provide data-driven decision support.

The workshop emphasized the strategic benefits of the Centralized Warehouse Monitoring System and detailed the implementation plan for Critical and Insurance Items, including a walkthrough of the projects, and concluded with a fruitful Q&A session.

KOC Holds Coordination Meeting with the DGCA

Discussing the extension of the New Airport's runways

KOC held a meeting with the Directorate General of Civil Aviation (DGCA) to coordinate on several issues, including the extension of the New Airport's runways, which are taking place in areas close to the Company's operations and well sites.

The meeting was chaired by TL Local Relations at KOC Abdulaziz Hamada and attended by Ag. TL Export Operations Abdullah Al-Hashash. The DGCA was represented by Head of the Development & Coordination Department and Head of the Surveying Department

Engineer Ali Hussein, and Head of the NOTAM Division Sayed Yousef Al-Tamimi.

Chief PR Officer in the Local Relations Team Awrad Al-Mudhayan coordinated the meeting, which was held at the Company's Ahmed Al-Jaber Oil & Gas Exhibition.

Several engineers and geologists from both sides attended, and participants expressed their keenness to continue to coordinate and agreed to hold regular meetings in this regard.

Celebrating Eight Years of Safe Operations at Rig 271

Organized by the R&T (Reservoir) Team, and partially hosted by the SPE

The Drilling Team-III (S&EK) celebrated Rig 271's achievement of completing eight full years LTI-free.

The celebration took place at the rig site in the South & East Kuwait operations area, and was attended by TL Ali Bukhamseen, along with rig crew members from the Company and contractor, Sinopec.

During the ceremony, Bukhamseen congratulated all the employees and commended their dedication and hard work. He noted that this milestone reflects a high level of operational efficiency and discipline.

Senior Drilling & Workover Engineer Saad Al-Mujammed also highlighted that this achievement reflects the Team's commitment to safety, excellence, and teamwork. He stated that such commitment helps enhance operational efficiency and supports the continuity of high performance in South & East Kuwait.
