

KOC CEO Receives President of the SPE

KOC Receives High-level Delegation from NSRP

The visit included AJOGGE, the Guest House, EOCC, and GC-32

Within the framework of the ongoing cooperation between K-companies and Nghi Son Refinery & Petrochemical (NSRP), KOC received a high-level delegation from the Refinery, in which KPC's subsidiary, Kuwait Petroleum International, holds a major stake.

The delegation was headed by Pham Van Chat – Deputy General Director of Production at the Refinery, along with several other high officials. The visit aimed to strengthen relations and familiarize NSRP with KOC export operations, among many other shared areas of interest.

The visit began at the Ahmadi Guest House, where the delegation was received by TL Operations Laboratory Khalid Al-Kanderi, Senior Process Engineer Abdullah Al-Hashash, representing the Export Operations Team, Senior Public Relations Officer Fahad Al-

Fahad, and several concerned employees from KOC and KPC. The KPC delegation was headed by TL Crude Oil Sales Department, Mohammed Zainal.

The delegation then moved to the Export Operations Control Center, where they were given a presentation on the Export Operations Team and Operations Laboratory Team's activities, followed by a tour of the Control Room and Export Laboratory in Gathering Center-32.

The visit concluded with a tour of Ahmad al Jaber Oil & Gas Exhibition, where the Deputy General Director expressed his happiness with this visit and highlighted the importance of conducting regular similar visits to discuss shared interests and goals from both sides.

High-level Saudi Delegation Visits KOC

Headed by H.E. the Governor of Rijal Almaa in Asir Region,
accompanied by several officials

A high-level delegation from the Kingdom of Saudi Arabia visited KOC, specifically the Ahmad Al-Jaber Oil & Gas Exhibition affiliated with the Company.

The delegation included His Excellency the Governor of Rijal Almaa Governorate in Asir Region, Al-Hassan bin Abdulkhaleq Al-Hafzi; the Mayor of Rijal Almaa, Eng. Abdullah bin Hassan Al-Asmari; and the Saudi Diplomatic Attaché at the Saudi Embassy in Kuwait, Fayez bin Mohammed Al-Shehri.

TL Oil & Gas Exhibitions Noura Al-Soula welcomed the delegation upon its arrival at the Exhibition, along with Chief PR Officer Sarah

Al-Busaili, and PR Controller Mesfer Al-Mesfer.

The delegation was accompanied on the visit by TL Management Support at Kuwait Petroleum International (Q8) Ahmed Al-Shamari. A tour was organized for the delegation, during which they were briefed on the origins of the oil and gas industry in Kuwait through the Exhibition's unique interactive and educational experience.

In conclusion, the visitors expressed their admiration for this pioneering landmark and extended their best wishes for continued success to KOC.

Southwell Hospital Holds “Ask Your Doctor” Event

Held as part of World Immunization Week, featuring a specialized physician

On the occasion of World Immunization Week, the Preventive & Industrial Medicine Division at Southwell Hospital organized a unique initiative titled “Ask Your Doctor” for the first time.

The initiative featured a specialist physician who provided medical advice on shingles, answered attendees’ questions, and administered the vaccine to those who wished.

The event was held in the Family Medicine Building and was attended by Manager Medical Group (Southwell) Dr. Aref Al-Abbasi,

Ag. Head of the Preventive & Industrial Medicine Division and Head of the Family Medicine Division Dr. Ghaida Al-Shoraian, Head of Home Healthcare Services Dr. Hussein Younis, and Head of the Vaccination Unit in the Preventive Medicine Team Dr. Dhabya Al-Ajmi, along with several doctors and medical staff in the hospital.

The initiative was a success, with a large turnout from hospital visitors, who were provided with vaccination services, contributing to protecting the community from shingles and avoiding its complications.

Myanmar's Minister of Sports Visits Ahmad Al-Jaber Oil & Gas Exhibition

Manager PR&I welcomed the Minister,
and praised the relationship between the two countries

His Excellency Ying Phaung Naw Taung, Minister of Youth & Sports of Myanmar, accompanied by His Excellency Chan Aye, Myanmar's Ambassador to Kuwait, visited the Ahmad Al-Jaber Oil & Gas Exhibition. They were received by Manager Public Relations & Information Group at KOC Mohammed Al-Basry, and TL Oil & Gas Exhibitions Noora Al-Soula.

Al-Basry welcomed the minister and ambassador, highlighting the strong and distinguished relations between Kuwait and Myanmar. The delegation then toured the exhibition's various sections and

halls, enjoying an interactive experience that showcased the history of Kuwait's oil and gas industry. They also received detailed explanations about different petroleum products and the vital role of oil in driving progress.

Minister Ying and Ambassador Chan expressed their admiration for the exhibition, praising its organization, diverse content, and engaging presentation style, which offers a unique and informative experience to visitors.

Workshop for the Deepest Exploratory Well Project in Wafra Field

To discuss the preparations and technologies required to reach deep Paleozoic formations

As part of its efforts to enhance strategic cooperation among KPC subsidiaries, KOC, represented by the Drilling Team-II (S&EK), held a specialized technical workshop for the Deepest Exploratory Well Project in Wafra Field. The event was organized in cooperation with KGOC, Wafra Joint Operations, and Chevron.

The workshop focused on discussing the preparations and technologies required to drill the aforementioned well, which aims to reach deep Paleozoic formations.

This project marks a significant step in geological exploration, as it requires high-level integration among Teams and technical exper-

tise to ensure efficient and safe drilling operations.

At the conclusion of the workshop, Senior Drilling Engineer and Ag. TL Drilling Team-II (S&EK) Salah Al-Azmi commended the efforts of all parties involved in implementing the project according to the highest safety standards and incorporating best technical practices. He emphasized the project's importance in enhancing exploration capabilities and fostering the exchange of expertise.

Al-Azmi also stated that KOC is proud to support one of its sister companies in the Kuwait Petroleum Corporation, and to contribute to the success of this important initiative.

Visit to the KGOC and Chevron Joint Operations Building

Aimed at monitoring the drilling of the deepest exploratory well in Wafra field

Manager Drilling Group (S&EK) Bader Al-Azmi, and Manager Drilling Engineering Group Haitham Al-Mayyan, paid a visit to the office building of KGOC and Chevron (Wafra Joint Operations).

Both Group Managers were accompanied on this visit by TL Drilling-II (S&EK) Meshari Al-Mudhaf, whose Team is responsible for drilling the deepest exploratory well in Wafra field (WD-02), and the Team's senior drilling engineers. The visit aimed to follow up on the project, a joint collaboration between the three companies.

The delegation was received by Abdullah Al-Otaibi, General Man-

ager of Wafra Joint Operations, and the Operations Managers of Saudi Chevron. They commended the efforts made by all parties to ensure the project is implemented according to the highest standards of safety and quality. They also highlighted the importance of integration among all Teams and sharing technical expertise to efficiently and safely execute drilling operations.

The Drilling Team-II (S&EK) also delivered a presentation covering the project's planning and implementation phases, highlighting its importance in enhancing exploration capabilities and exchanging technical expertise.

Myanmar's Minister of Sports Visits Ahmad Al-Jaber Oil & Gas Exhibition

KOC CEO Receives President of the SPE

During her visit to KOC, where she met with several SPE members

KOC CEO Ahmad Jaber Al-Eidan welcomed Dr. Jennifer Miskimins, President of the Society of Petroleum Engineers (SPE) International, during her official visit to Kuwait. She was accompanied by Mohammad Al-Bahar, Chairperson of the SPE Kuwait Section and Manager of the Gas Fields Development Group at KOC, along with several other members of the Society.

The meeting focused on strengthening collaboration between KOC and SPE, exploring opportunities for future oil and gas projects, and discussing advancements in petroleum and reservoir engineering. Plans to organize and support upcoming conferences were also addressed.

Key industry events, including the Kuwait Oil & Gas Show and Conference (KOGS)

and the Artificial Intelligence Symposium, both scheduled for early next year, were highlighted during the discussions.

Dr. Miskimins then visited the Ahmad Al-Jaber Oil & Gas Exhibition, where she met with a large number of SPE members in Kuwait. She engaged in meaningful discussions with them and delivered a presentation outlining the Society's global goals, with a special focus on major upcoming projects that incorporate advanced technologies and artificial intelligence.

The visit concluded with a guided tour of the exhibition. Dr. Miskimins praised the venue for its educational value and interactive exhibits, describing it as an impressive platform for raising awareness about the oil and gas industry.
